

Penentuan difusivitas thermal dan sifat dielektrik pada kisaran frekuensi radio dari lada

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=105188&lokasi=lokal>

Abstrak

Determination of dielectric in radio frequency and thermal diffusivity of pepper was conducted dielectric properties were measured by developed Q-meter at frequency of 9,11,13,15,17,19 and 21 MHZ for moisture content of 8,52 %; 9,93 %; 14,27 %.
