

Gagasan pembangunan berbasis kualitas penduduk dan tata nilai sosio-budaya

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=118247&lokasi=lokal>

Abstrak

Indonesia is one of the populous countries in the world, but lack in quality approach compared to other countries. The straight forward indicators used to find this quality are the figures of absolute poverty, corruption level and weakness of people's socio-cultural capital.....
