

The use of photocatalytic proces on lignin degradation using composite catalyst TiO₂-Zeolite

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=118735&lokasi=lokal>

Abstrak

Degradation of lignin using photocatalytic proces and composite catalyst TiO₂-zeolite was carried out. Lignin solution was irradiated using three treatments,i.e,UV lamp.UV lamp + TiO₂-zeolite,and TiO₂-zeolite.....
