

## Timing of larval release by reef coral pocillopora damicornis at panjang Island ,central Java

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=119544&lokasi=lokal>

---

### Abstrak

Monthly larval release by the coral Pocillopora damicornis at Panjang Island, Central Java was investigated. Corals were collected from windward and leeward and maintained in outdoor, flow-trough system to quantify nightly release of larvae....
