

## Horizontal distribution of dinoflagellate cysts in surface sediments of Jakarta Bay : Some preliminary results

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=119552&lokasi=lokal>

---

### Abstrak

Ten surface sediment samples were collected from Jakarta bay to study the horizontal distribution of dinoflagellate resting cysts in this area. Overall results had shown unique species composition and diversity of dinoflagellate cyst assemblages....
