

## Artisanal Sharak and ray fishiries in south of Indonesia

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=119576&lokasi=lokal>

---

### Abstrak

Studies on artisanal fishiries of sharks and rays in Indonesia were carried out during 2001-2004. A market sampling method was employed to collect fishiries data from a number of major landinds,namely:

Pelabuhanratu and Cilacap in south coast of Java,Kedonganan in south coast of Bali ang Tanjung Luar on the island of Lombok....
