

On U.S. Policy toward China in the Era of Globalization

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=119797&lokasi=lokal>

Abstrak

Globalization has been playing a more and more important role in international relations. On one hand, the trend has led to growing economic interdependence between countries, including that between the U.S. and China, and on the other hand, Globalization has also caused many nontraditional security challenges, which both the U.S and China have to cooperative to deal with....
