

A study on financial deficit and declining Birthrate from the viewpoint of "Children as a social security revenue source"

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=120470&lokasi=lokal>

Abstrak

With a declining birthrate and an aging population, Japan is increasingly finding itself in deeper financial difficulties. Recognizing these conditions, the government is now examining a framework for maintaining fiscal sustainability, mainly at the Council of Economic and fiscal policy.....
