

Penerapan pendekatan kointegrasi dan model koreksi kesalahan dalam uji pengaruh likuiditas dan laba terhadap struktur modal perusahaan

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=121116&lokasi=lokal>

Abstrak

This study aims to verify the impact of liquidity and profitability on company capital structure. Applying the error correction model (ECM), this study involved a sample of 20 companies (from various industries) which are listed in the Jakarta stock exchange and regularly publish their quarterly financial report from 1994 to 1999....
