

Fenomena subprime mortgage dan kebijakan pembiayaan sekunder perumahan di Indonesia : wacana dan dilema yang patut diantisipasi

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=121647&lokasi=lokal>

Abstrak

In Indonesia house-financing is potentially very promising which proven by thousands of housing sold in one day at every promotion event held by housing-developer, it is lokely selling selling a "roasted" even the the price of house sold each unit is up to a billion IDR....
