

Increasing wage inequality in Japan since the end of the 1990s : An institutional explanation

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=122160&lokasi=lokal>

Abstrak

using the factor decomposition of micro data, in this paper we examine the validity of the SBTC (Skill-biased technological change) and the outsourcing hypotheses regarding the continued rise in wage inequality that first emerged within each age group at the end of the 1990s in Japan....
