

Menghitung panjang shoreline & shared boundary secara simultan dari data seamless administrasi Kabupaten

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=122201&lokasi=lokal>

Abstrak

Since the Act No. 32/2004 about regional government and act 27/2007 about arrangement of coast and small Islands were enacted, shared boundary data that must be demarcation and shorelines that will be managed become very important....
