

Econophysics : Challenges and promises - An Observation-based approach

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=122359&lokasi=lokal>

Abstrak

This paper tries to answer a basic (and often-asked) question about econophysics: " Whereas it is quite understandable that physical techniques of observation , (e.g , infra -red spectroscopy) can be useful in investing DNA or proteins, it is much less obvious why and how ideas from physics can be helpful in investigating socio-economics phenomena"...
