Econophysics : Challenges and promises - An Observation-based approach

Deskripsi Lengkap: https://lib.ui.ac.id/detail?id=122359&lokasi=lokal

Abstrak

This paper tries to answer a basic (and often-asked) question about econophysics: "Whereas it is quite understandable that physical techniques of observation, (e.g, infra-red spectoscopy) can be useful in investing DNA or proteins, it is much less obvious why and how ideas from physics can be helpful in investigating socio-economics phonemena"...
