## Abstrak

Skripsi ini menganalisa kebijakan The Eleventh Five-Year Plan for National Economic and Social Development of the People's Republic of China sekaligus menganalisa perubahan terhadap kebijakan pembangunan ekonomi nasional dan pembangunan sosial Republik Rakyat Cina (RRC) dalam dokumen pemerintah Report on The Implementation of Plan for National Economic and Social Development and on Draft Plan for National Economic and Social Development yang merupakan tindakan preventif pemerintah untuk mengontrol perkembangan dampak krisis terhadap perekonomian nasional RRC. Selain itu, perubahan terhadap kebijakan ekonomi nasional juga bertujuan sebagai upaya pemerintah untuk mempertahankan laju perkembangan ekonomi nasional.

Sepanjang tahun 2008 hingga kuartal pertama tahun 2009, RRC mengalami perlambatan dalam pembangunan ekonomi nasional. Dengan menganalisa fenomena perlambatan pembangunan ekonomi nasional, pemerintah RRC meyakini bahwa hal tersebut terjadi akibat adanya dampak krisis ekonomi global yang mulai merambah perekonomian RRC melalui beberapa sektor penting perekonomian RRC. Pemerintah RRC memprediksi bahwa krisis ekonomi global akan mampu mempengaruhi perekonomian nasional untuk jangka waktu yang panjang, dan cenderung mengakibatkan dampak yang lebih besar jika tidak ditangani dengan seksama. Selain melakukan analisa terhadap kebijakan pembangunan ekonomi nasional dan pembangunan sosial RRC, skripsi ini juga mencoba untuk melakukan analisa dampak-dampak yang muncul dan mempengaruhi perekonomian dan kondisi sosial RRC.

*<i>*This minithesis aimed to analyze The Eleventh Five-Year Plan for National Economic and Social Development Policy of the People's Republic of China as well as to analyze changes of national economy development policy and social development of People's Republic of China (PRC) in government document's Report on The Implementation of Plan for National Economic and Social Development and on Draft Plan for National Economic and Social Development as a prevention action from the government in order to control the development of critical impact to the national economy of PRC. Additionally, changes to national economy policy also aimed as government's attempts to sustain the blooming of national economy.

Throughout the year of 2008 until the first three months of 2009, PRC was facing a slowdown in its national economy development. Through analyzing the phenomena, the government of PRC convinced that such event occurred as an effect from global economic crisis which started to resemble China's economy through some important sectors of PRC's economy. The government predicted that the global economic crisis will be able to affect the national economy in the long run and have the tendency to cause adverse consequences if no action to be taken accurately. Besides analyzing the national economy development policy and social development of PRC, this minithesis also tried to analyze impacts that occurs and affect the economy and

social condition of PRC.</i>
