Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=126920&lokasi=lokal>

Abstrak

Penelitian ini bertujuan untuk melihat pengaruh dari iklim organisasi pada kepuasan kerja. Aspek iklim organisasi yang akan dianalisis dalam penelitian ini terdiri dari 6 dimensi (affiliation, staff freedom, participatory decision making, innovation, resource adequacy, dan professional interest). Penelitian ini merupakan penelitian kuantitatif yang dilakukan melalui penyebaran kuesioner kepada guru SMAN A Kota Depok Provinsi Jawa Barat untuk periode 2008-2009.

Hasil penelitian menunjukkan bahwa terdapat 5 dimensi iklim organisasi yang secara signifikan mempengaruhi kepuasan kerja guru SMAN A Kota Depok, yaitu affiliation, staff freedom, participatory decision making, resource adequacy, dan professional interest. Affiliation, participatory decision making, dan professional interest memberikan pengaruh yang positif terhadap kepuasan kerja. Sedangkan staff freedom dan resource adequacy memberikan pengaruh yang negatif terhadap kepuasan kerja. Selain itu, penelitian juga menunjukkan bahwa innovation tidak memberikan pengaruh yang signifikan terhadap kepuasan kerja para guru SMAN A Kota Depok Provinsi Jawa Barat.
