

Analisis kesalahan fungsi respon frekuensi akibat keterbatasan waktu rekam pada pengujian getaran dengan eksitasi impak kasus domain waktu kontinu

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=127051&lokasi=lokal>

Abstrak

This paper derives mathematical equations describing the relation between errors in FRF due to limited record time length, record time and the time constant of a vibration system modelled by the I-dof vibration system with viscous damping....
