

Privat sector lessons for public sector reform in Indonesia

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=128060&lokasi=lokal>

Abstrak

Although the Indonesia economy grew very rapidly averaging over 7% per annum during the three decades of the Soeharto era, it suffered a severe setback with the onset of the Asian crisis in 1997-98 and has been unable to achieve similar growth rates on a sustained basis subsequently. ...
