The UEFA cup network

Deskripsi Lengkap: https://lib.ui.ac.id/detail?id=128492&lokasi=lokal

Abstrak

In this paper an interesting network of temas playing in the UEFA CUP (seasons 1994/95- 2003/04) is studied. It has been determined values of the clustering, coeficient, the avarage shortest path length, the diameter, the betweenness, the degree distribution and compare them with those of the Erdos-Renyi model....
