

Strategi pengembangan pelayanan kesehatan jiwa dengan matrix jendela pelanggan di Puskesmas manukan kulon Surabaya

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=128573&lokasi=lokal>

Abstrak

World health report 2001 said about 25% citizen on the world suffer from mental and behavior disorder once upon in life. More then 40% get diagnosed unproperly, so they have to pay more for laboratory tetst and not adequate treatments...
