

Analisis getaran elemen bakar uji untuk reaktor nuklir serba guna G.A siwa bessy tipe pelat berinti dispersi U₃Si₂/Al

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=128993&lokasi=lokal>

Abstrak

The assumption of the analysis was that deflection of all plates be identical . The differential equation system on plates and coolant, were solved by fourrier transform, to obtain the relationship between natural frequencies and flow velocity....
