

Cemaran kapang pada pakan dan pengendaliannya

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=129062&lokasi=lokal>

Abstrak

The contamination of some kinds of mold as *aspergillus* spp., *Penicillium* spp., and *Mucor* spp., can be found in feed and especially corn. The contamination causes health disturbance of animals. The disease is not only caused by the mold, but also by toxin produced. Health loss in term of economy due to the mold contamination is quite significant...
