

Peran MST (Movimento dos trabalhadores Rurais Sem Terra) dalam memperjuangkan hak - hak buruh tani tak bertanah di Brazil

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=129211&lokasi=lokal>

Abstrak

Brazil is one of the state with a large farmland. Having colonized by the Portuguese until 1822. The Portuguese have inherited the system of farmland ownership. But that system was exceptionally beneficial just for the rich. It brings about riots because the farmer claims their rights for the farmland ownership. The MST was born as an independent organization to handle this issue. The MST arrange the farmers movement to claims their right without violence and riots.
