

Reformasi sistem dan perilaku birokrasi menuju tata pemerintahan yang baik

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=129928&lokasi=lokal>

Abstrak

Discussing on bureaucracy reform is the same thing that making effort how to realize restructuring and reposition of the existing system and the behavior of government bureaucracy in order to create good governance. The reform of the system and behavior of government bureaucracy must be taking in account three main things as following : first, the desire to implement, consistently, the democracy; second, the change from single majority system to multi - party system and ;third, the paradigm's changing from government to governance. How to reform the existing system and the behavior of government bureaucracy based on those three main aspects above mentioned will be the content of this paper.
