### Abstrak

The goal of long term development 2005 -2025 is to realize a progress, self - reliant and fair nation as the foundation for next development stages to fair and welfare people in the framework of the Republic of Indonesia based on Pancasila (Five Principles) and Undang-Undang Dasar 1945 (Constitution). Indicator of achieving the Indonesian progress, self-reliant and fair, the next 20years National Development is directed to the achievement fundamental targets as follow: a realizing good moral , civilized and humanized character of Indonesian people,b, realizing a competable nation to reach more prosperous and welfare , c. realizing democracy nation of Indonesia under law and justice, d. realizing safety and peace for the whole of Indonesian people and protect the unity of Republic of Indonesia and state sovereignty of foreign or domestic threat and realizing a fair distribution development and everlasting harmony state ,f. realizing Indonesia as strong , progress and self - reliant archipelago state,g. realizing Indonesian role in international relationship. Al those indicators are ideal hope for Indonesia in nation and state living. However those should be supported by establishing good regional regulation. In the framework establishing good regional regulation, need some first steps, they are : Firstly, Establishment of Togetherness Vision on ideal condition which will be reached. Secondly, scale of priority which arrangement that will be prioritized as central point and covers other arrangements. Thirdly process of vertical harmonization to carry out a synchronized complete whole organization or arrangement compared to other similar or higher arrangement together with law principles . Forth arrangement must aim to development targets achievement in Local Long Term Development Plan (RPJPD) and Local Middle Term Development Plan (RPJMD). Fifth, those organizations or arrangement should be able to solve the emerging issues.
