

Administrasi Publik masa kini dan tantangan abad 21

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=131895&lokasi=lokal>

Abstrak

Public administration is the key of success of a state in handle public administration existing there, because the better is public administration , the better are state institutions work mechanism . however, if public administration can't function will cause on implementation of state institutional tasks and functions can't achieve the desired goal. A good public administration implementation can raise public trust up and create their pride. Besides, it also influences international relationship for a state , because having good public administration a state own a strong "personality" to face other states' pressure and threats.
