

Kebijakan public dalam konteks otonomi daerah (Strategi implementasi dalam perspektif provinsi kepulauan)

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=131937&lokasi=lokal>

Abstrak

Since independence day, our founding fathers had made aware to realize the purpose of NKRI establishment. Indonesia that has a wide territory needs to conduct through decentralization strategy. Decentralization policy has caused autonomous (province and district/city) that carry out local autonomy in border and principle of NKRI. To realize the purpose of local autonomy conducted by autonomous local government (province, district/city) that are conditionally in diversity involving autonomous regions that have lands and lands and islands characteristic. In case of realizing special local autonomy in islands region needs a price public strategy policy and appropriate to the region itself as it is presented in this article.
