Abstrak

Known in the academic market for its clear writing style and accessibility, this extensive revision focuses on auditor decision making and the auditor's role in providing assurance about the integrity of the financial reporting system. This is particularly important in light of the recent events involving WorldCom, Enron, Xerox, Aldelphia, Tyco, Waste Management, and other recent incidents that have questioned the quality of work in the auditing profession. Intended for a junior- or senior-level course in auditing or assurance services taught at most four-year schools.
