

Language practices in social work : categorisation and accountability in child welfare

Hall, Christopher, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20223840&lokasi=lokal>

Abstrak

Looks at how social workers, their clients and other professionals manage the problems of social work. This book includes: studies of key practice areas in social work; analysis of the language and construction used in case studies of everyday social work practice; and exploration of ways in which professionals can examine their own practice.
