Abstrak

In Indonesian Marriage Law under Law number I year 1974 have stipulated that for the legal marriage is comply under the religion's norms of the parties and existing regulations. The case on inter-religions marriage can be perceived from the article 2 section I of the law the couple ought to conduct under their's religion norms. Ana' genera! thought in differents religions norms have also restricted inter-religions marriage. This explanation then will also effective to all Indonesian citizen?s whom have got their married in foreign country. The author suggested that the most favour ways to do is by change his/her religion to same of their couple's religion to solve this problem.
