

The urban oasis: guideways and greenways in the human environment / Roxanne Warren

Warren, Roxanne

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20317377&lokasi=lokal>

Abstrak

Summary:

This work aims to dispel anti-urban prejudices and policies by proposing new, residential and mixed-use development clusters that are designed as pedestrian zones, richly landscaped and accessible by shuttles and loops to peripheral parking. It features case studies from Asia, Europe and the USA
