Abstrak

ABSTRAK

Skripsi ini mencoba membahas pengaruh hubungan Raja-militer di Thailand terhadap Konstitusi 2007. Untuk menjelaskan pengaruh Raja-militer, digunakan teori militer, elit, peran Raja dan konstitusi. Metode penelitian yang dipakai adalah kualitatif dengan teknik studi kepustakaan. Hasil penelitian menunjukkan bahwa hubungan Raja-militer di Thailand memiliki pengaruh terhadap Konstitusi 2007. Hubungan Raja-militer bisa dilihat dari pasal-pasal yang ada dan saat proses penyusunan draft Konstitusi 2007. Kesimpulannya, Konstitusi 2007 bukanlah konstitusi yang demokratis melainkan suatu konstitusi yang hanya menguntungkan beberapa pihak saja yaitu Raja dan militer.

Abstract

The thesis discussed the influence of King-Military relations in Thailand to the Constitution of 2007. The theory of military, elite as well as role of King and Constitution are applied in order to further explain the influence of the King-Military. The research methodology is qualitative through literature study. The research presented that the relations between King and Military in Thailand has given influence to the Constitution of 2007. The relations itself was reflected through the existing articles and the establishment process of the Draft Constitution 2007. As a conclusion, the constitution of 2007 is understood as a non democratic constitution which will only give advantage to several parties : King and the Military.
