Abstrak

Skripsi ini membahas efisiensi teknik perusahaan asuransi syariah periode 2007-2010. Penelitian ini bertujuan melihat pengaruh konsentrasi kepemilikan dan jenis kepemilikan terhadap efisiensi teknik perusahaan asuransi syariah. Konsentrasi kepemilikan dalam penelitian ini hanya difokuskan kepada pemilik saham terbesar. Sedangkan jenis kepemilikan hanya difokuskan pada asuransi joint venture dan swasta nasional. Sampel dan data berasal dari Perasuransian Indonesia tahun 2007-2010.

Penelitian ini menggunakan metode Data Envelopment Analysis dan regresi berganda. Hasil penelitian menunjukkan bahwa konsentrasi kepemilikan dan jenis kepemilikan tidak mempengaruhi efisiensi teknik. Untuk penelitian selanjutnya, peneliti menyarankan agar dapat dilakukan terhadap seluruh perusahaan asuransi agar didapat hasil yang lebih akurat.

This study discusses the technical efficiency of sharia insurance companies at 2007-2010. This study aims to see the effect of ownership concentration and the types of ownership of the technical efficiency of sharia insurance companies. Concentration of ownership in this study only focused on the largest shareholders. While the type of ownership focused only on the joint ventures and private insurers nationwide. Samples and data were from Perasuransian Indonesia 2007-2010.

This study uses Data Envelopment Analysis and multiple regression methods. The results showed that the concentration of ownership and type of ownership does not affect the technical efficiency. For future studies, the researcher suggests that it could be done to all insurance companies in order to obtain results that are more accurate.
