Abstrak

ABSTRAK

Penelitian ini bertujuan untuk mengukur pelaksanaan program keselamatan dan kesehatan kerja melalui persepsi karyawan pada departemen maintenance and operation pada PT. Truba Jaya Engineering. Pendekatan yang digunakan adalah pendekatan kuantitatif. Peneliti menguji sebanyak 41 responden menggunakan teknik total sampling. Data dikumpulkan menggunakan kuesioner dengan menilai ukuran persepsi karyawan melalui skala likert. Selanjutnya data dianalisis dengan metode rentang skala dan pengkategorian persepsi karyawan menjadi sangat rendah, rendah, sedang, tinggi dan sangat tinggi.

Hasil penelitian menunjukkan bahwa secara keseluruhan tingkat persepsi karyawan terhadap pelaksanaan program K3 tergolong dalam kategori persepsi tinggi. Saran penelitian agar perusahaan terus meningkatkan pelaksanaan program K3.
