Abstrak

ABSTRAK

Religion Industrial Complex terkait dengan komodifikasi agama yang dipasarkan dalam bentuk modal, politik, dan hegemoni. Meskipun demikian, dibutuhkan pula perangkat atau media untuk membentuknya; disinilah Religious Opportunist Group hadir sebagai alat yang sempurna untuk mencapai tujuan tersebut.

Dalam meneliti dan mengkonseptualisasikan fenomena Religion Industrial Complex ini digunakan metode analisis diskursus dengan paradigma kriminologi posmodern yang kritis. Hasil dari studi ini adalah pendefinisian dari Religion Industrial Complex, Religious Opportunist Group, serta penjabaran fenomenanya secara kritis.

Abstract

Religion Industrial Complex is related to the use of religion as a commodity, and sold in a variety of forms: capital, political, and hegemony. Nonetheless, a device or media is needed in order to shape those forms. And this thesis is using the example of how Religious Opportunist Group could become one of the perfect tools for that purpose.

In researching and conceptualizing this Religion Industrial Complex phenomenon, researcher use discourse analysis from critical approach of postmodern criminology paradigm. The result of this study is the definition Religion Industrial Complex, Religious Opportunist Group, and also the elaboration of this whole phenomenon critically.
