Abstrak

Studi ini mengkaji pengaruh korupsi terhadap masuknya investasi asing langsung (Foreign Direct Investment, FDI) di Brazil, Rusia, India, China, Meksiko, Indonesia, dan Turki (BRIC-MKIT) periode 1996-2011. Dengan menggunakan metode efek tetap, penelitian ini menemukan korupsi tidak signifikan memengaruhi masuknya FDI di kelompok negara BRIC-MKIT selama periode 1996-2011. Namun demikian ditemukan pengaruh yang berbeda-beda pada masing-masing negara BRIC-MKIT: (i) korupsi tidak berpengaruh secara signifikan terhadap masuknya FDI di Brazil, Rusia, Meksiko, dan Turki; (ii) korupsi berpengaruh negatif di India, China, dan Indonesia; dan (iii) korupsi berpengaruh positif di Korea Selatan.

<hr>

This study examines the effect of corruption on Foreign Direct Investment (FDI) inflow in Brazil, Russian Federation, India, China, Mexico, Korea (Republic), Indonesia, and Turkey(BRIC-MKIT) in the 1996-2011 periode. With fixed effect method, this study find outthat the corruption does not significantly affect FDI inflowin the BRIC-MKIT during the period 1996-2011. However, it is found that (i) corruption doesn't affect significantly FDI inflow in Brazil, Russian Federation, Mexico, and Turkey; (ii) corruption affect significantly and negative on FDI inflow in India, China, and Indonesia, and (iii) corruption affect significantly and positive on FDI inflow in Korea (Republic).
