Abstrak

Penelitian ini bertujuan untuk mengetahui variabel yang berpengaruh positif secara signifikan pada respon konsumen terhadap suatu iklan yang terdapat di suatu website dan mengambil studi kasus iklan Pizza Hut di website detik.com. Penelitian ini menggunakan desain penelitian eksploratif dan deskriptif yang dilakukan satu kali dalam satu periode (cross sectional design). Peneliti menggunakan sampel 198 orang yang pernah melihat iklan Pizza Hut pada bulan November 2012 dengan metode nonprobability sampling. Metode analisis data yang digunakan adalah uji reliabilitas, validitas, dan analisis regresi. IBM SPSS Statistics 15.0 digunakan sebagai alat bantu penelitian.

Hasil penelitian ini menunjukkan bahwa adanya pengaruh positif yang signifikan antara cognitive response terhadap website attitude, cognitive response terhadap brand attitude, cognitive response terhadap purchase intention, website attitude terhadap brand attitude, dan brand attitude terhadap purchase intention. Selain itu, tidak terdapat pengaruh positif antara affective response terhadap website attitude, affective response terhadap brand attitude dan affective response terhadap purchase intention meskipun terdapat pengaruh yang signifikan.

.....

This study aims to know positively variable influence significantly on consumer response against an advertising websites and take a case study advertising Pizza Hut at detik.com website.
