Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20341226&lokasi=lokal>

Abstrak

Kosmetik yang digunakan harus aman, bermutu dan bermanfaat, untuk itu kosmetik harus dibuat sesuai dengan aspek CPKB (Cara Pembuatan Kosmetik yang Baik). Industri kosmetik banyak terdapat di Jakarta, namun belum semua menerapkan CPKB. Disinilah diharapkan peran Badan POM untuk meningkatkan kepatuhan industri kosmetik dalam penerapan CPKB.

Penelitian ini menggunakan metode kualitatif. Sumber data berasal dari sumber data primer yaitu hasil wawancara mendalam dengan pejabat di Badan POM, Balai Besar POM dan penanggungjawab produksi pada industri kosmetik. Sumber data sekunder yaitu buku literatur, peraturan perundang-

undangan, laporn, dan arsip, internet. Setelah data diperoleh lalu dilakukan analisis data kualitatif.

Berdasarkan hasil penelitian dan analisis data yang telah dilakukan maka disimpulkan bahwa pengawasan Badan POM terhadap kepatuhan penerapan CPKB, tidak lepas dengan kebijakan lintas sektor. Sedangkan rendahnya kepatuhan penerapan CPKB industri kosmetik dapat ditingkatkan dengan pembinaan tidak hanya tentang CPKB tapi perlu juga tentang bagaimana pengembangan usahanya.

.....The use of cosmetic must be safe, qualified and have benefits, for that the cosmetics must be manufactured in accordance with the CPKB (Good Manufacturing Procedure of Cosmetic). There are many cosmetics industries in Jakarta, but not all of them apply the CPKB. In this regard interference of The National Agency of Drug and Food Control (NADFC) is expected to increase compliance of cosmetics industries in applying the CPKB.

The research used the qualitative method. The source of data obtained from the primary data as the result of performed in interviewing the The National Agency of Drug and Food Control (NADFC) official, Provincial NADFC and cosmetics production Manager. Source for the secondary data as literature, regulation of the constitution, report and file, internet. After obtaining data's followed by performing the qualitative analysis. Based on examination result and the completion of the data's analysis is therefore concluded that The National Agency of Drug and Food Control (NADFC) supervision regarding the compliance in applying the CPKB is related with the other institution concern. Whereas decreasing in compliance to apply CPKB in cosmetics industries can be increased by development not only about the CPKB but also needed how to develop their business.
