### **Abstrak**

Prasasti Wwahan ditemukan di Desa Bandaralim, Kelurahan Demangan, Kecamatan Tanjung Anom, Kabupaten Nganjuk Propinsi Jawa Timur. Berdasarkan angka tahun 907 aka, prasasti ini dibuat atas perintah Dharmmawanga Tguh, ketika menjadi raja di Matarm. Tiga tahapan metode epigrafi dipergunakan untuk mengungkap data sejarah dalam prasasti ini, yaitu tahap pengumpulan, pengolahan, serta penafsiran data. Prasasti ini berisikan tentang penetapan sima yang diberikan kepada warga di Wwahan pada masa pemerintahan Dharmmawanga Tguh.

.....Wwahan Inscription was found in Bandaralim village, Demangan sub district, Tanjung Anom district, Nganjuk regency, East Java Province. Based on the number of the year 907 aka, this inscription was made by order of Dharmmawanga Tguh, when he was a king in Matarm. This research used three step of epigraphically methodology, to reveal historical data in this inscription, such as collecting, processing, and interpretation data. This inscription content the history of sima determination by the people in Wwahan under the authority of Dharmmawanga Tguh.
