Penelitian ini dilakukan untuk menganalisis pengaruh ukuran perusahaan, kinerja keuangan, struktur kepemilikan, leverage dan auditor terhadap pengungkapan sukarela. Penelitian ini menggunakan 71 sampel perusahaan dari industri manufaktur yang terdaftar pada Bursa Efek Indonesia. Hasil uji analisis menunjukkan bahwa rata-rata tingkat pengungkapan sukarela perusahaan publik di Indonesia sebesar 0.1873. Hal ini mengindikasikan masih rendahnya tingkat pengungkapan sukarela di Indonesia. Penelitian ini membuktikan bahwa variabel ukuran perusahaan dan variabel dividen sebagai proksi dari kinerja keuangan memiliki pengaruh positif terhadap tingkat pengungkapan sukarela secara signifikan. Sedangkan variabel struktur kepemilikan, leverage dan auditor tidak berpengaruh signifikan terhadap tingkat pengungkapan sukarela. Dari penelitian ini disarankan bagi emiten untuk memanfaatkan laporan tahunan sebagai salah satu media pengungkapan berbagai informasi kepada seluruh stakeholder
