Penelitian ini mengangkat permasalahan yaitu alasan pemerintah menerapkan tax holiday, proses formulasi tax holiday, dan tanggapan pelaku industri yang sudah existing terhadap tax holiday. Pendekatan penelitian kualitatif dengan jenis penelitian deskriptif. Hasil penelitian ini menunjukkan bahwa alasan pemerintah menerapkan kebijakan tax holiday karena amanat dari undang-undang, tax competition, dan dampak positif dari tax holiday. Proses formulasi kebijakan tax holiday telah mengikuti Peraturan Menteri Negara Pendayagunaan Aparatur negara Nomor: PER/04/M.PAN/4/2007, model rasional sederhana Patton dan Savicky, dan aspek-aspek insentif pajak menurut Easson. Akan tetapi, formulasi kebijakan tax holiday tersebut belum mengikutsertakan secara langsung pihak swasta, asosiasi, dan pemerintah daerah sehingga kurang aspiratif. Tanggapan pelaku industri yang sudah existing terhadap tax holiday adalah positif. Akan tetapi, ketentuan tax holiday kurang jelas dan rumit, serta diskriminasi antara investor baru dengan investor lama.
