Abstrak

Laporan ini merupakan rangkuman kegiatan praktek residensi spesialis keperawatan maternitas selama satu tahun untuk menerapkan peran dan fungsi perawat maternitas dengan mengambil contoh penerapan teori model keperawatan Conservation Levine's pada ibu post partum paska perdarahan. Penerapan teori Levine pada kelima kasus dilaporkan menurut kemampuan adaptasi klien terhadap konservasi energi, konservasi integritas struktural, konservasi integritas personal dan konservasi integritas sosial. Kekuatan teori Levine pada kasus post partum paska perdarahan adalah pengkajian sudah terfokus pada setiap konservasi sedangkan kelemahan teori Levine tidak ada pengkajian psikologis ibu akibat keterpisahan ibu dan bayinya. Disamping itu dilaporkan kegiatan pencapaian kompetensi perawat spesialis maternitas sebagai pemberi asuhan, konselor, pendidik, advokat, kolaborator, peneliti dan change agent serta inovasi yang dilakukan di lahan praktek.

.....
