Abstrak

[Pelayanan kefarmasian merupakan bagian dari sistem pelayanan kesehatan, termasuk didalamnya pelayanan kefarmasian di apotek. Dalam mengelola apotek, diperlukan seorang Apoteker Pengelola Apotek (APA) yang bertanggung jawab untuk mengelola apotek baik secara teknis kefarmasian maupun non teknis kefarmasian. Untuk dapat melaksanakan kegiatan pelayanan kefarmasian ini, seorang calon apoteker tidak hanya membutuhkan bekal pendidikan dan pengetahuan, akan tetapi juga penerapan ilmu yang telah didapatkan selama masa kuliah dalam hal pengelolaan apotek. Oleh sebab itu, dilakukan Praktek Kerja Profesi Apoteker di Apotek Erra Medika pada 17 Juni – 12 Juli dan 29 Juli – 16 Agustus 2013. Tugas Khusus dengan judul “Label Informasi Obat Sediaan Padat Oral di Apotek Erra Medika” bertujuan untuk mengetahui informasi tambahan yang harus diberikan kepada pasien yang menggunakan obat sediaan padat oral di Apotek Erra Medika.

.....Pharmaceutical services are part of the health care system, including pharmacy services in pharmacies. In managing the pharmacy, needed a pharmacists pharmacy manager that responsible for managing both technical and non-technical pharmacy activity. To be able to carry out the activities of the pharmacy services, a pharmacist not only requires the provision of education and knowledge, but also the application of knowledge that has been acquired during times of study in Pharmacy Management. Therefore, Pharmacist Internship Program was conducted in Erra Medika Pharmacy on 17th - July 12th and July 29th - August 16th, 2013. Specific assignment titled "Label Information of Solid Oral Drug in Erra Medika Pharmacy" aims to find out additional information that should be given to patients taking oral solid dosage drugs in Erra Medika Pharmacy., Pharmaceutical services are part of the health care system, including pharmacy services in pharmacies.
