Abstrak

Skripsi ini membahas gambaran kesiapan SDN Warakas 03-08 Jakarta dalam menghadapi keadaan darurat akibat bencana. Penelitian ini adalah penelitian kualitatif dengan desain deskriptif. Hasil penelitian ini menggambarkan bahwa sekolah belum melakukan persiapan menghadapi keadaan darurat yang dapat disebabkan oleh bencana baik bencana alam, non alam, maupun bencana sosial. Sarana sekolah berupa pintu, tangga, dan lapangan untuk berkumpul sementara dalam keadaan darurat sudah memenuhi regulasi standar. Sarana lainnya berupa APAR dan kotak P3K sudah tersedia di sekolah walaupun belum memenuhi regulasi. Diharapkan kepada pihak penyelenggara di sekolah untuk dapat mempertimbangkan dan menerapkan manajemen keadaan darurat bencana di sekolah.

<hr><i>This thesis describes the readiness of SDN Warakas 03-08 Jakarta toward facing the emergency situation due to disaster. This research is a qualitative research using descriptive design. The result shows that the school was not conduct the preparation yet toward facing the disaster such as nature disaster, non nature disaster, as well as social disaster. The school facility such as doors, stairs, and also assembly point is already suitable with the standard regulation. Others facility such as fire extinguisher and first aid box are available at the school yet still not fulfill the regulation. It is expected that all stakeholder in school to consider and conduct the emergency and disaster management at shcool.</i>
