Abstrak

[Santunan kematian merupakan salah satu bentuk kebijakan sosial yang diterapkan berdasarkan prespektif jaminan sosial yang sudah dilaksanakan di Kota Depok sejak tahun 2007 hingga sekarang ini. Implementasi merupakan salah satu unsur pokok dalam pencapaian tujuan organisasi Sering kali apa yang sudah ditetapkan akan berbeda pada saat pelaksanaan. Atas dasar hal tersebut, Implementasi merupakan suatu wujud untuk megambarkan kondisi yang ada di lapangan.

ABSTRAK

Pendekatan penelitian yang digunakan adalah Post positivist dan teori yang digunakan dalam melihat implementasi mengacu pada teori Edward III.

Berdasarkan hasil penelitian yang dilakukan, diketahui bahwa pada pelaksanaan program santunan kematian kerap menghadapi kendala, salah satunya ialah masalah waktu dan belum meratanya sasaran dari program tersebut. Selain itu adanya beberapa oknum yang melakukan penyimpangan dengan memotong uang santunan kematian yang diterima oleh warga, sehingga pelaksanaan Program Santunan Kematian dirasa belum optimal
