Abstrak

[ABSTRAK

Penelitian ini membahas tentang interferensi pelafalan bunyi konsonan dalam siaran program berita berbahasa Jerman oleh penyiar di VOI RRI Jakarta. Tujuan penelitian ini ialah memaparkan bunyi konsonan apa saja yang dilafalkan tidak sesuai dan jenis interferensi apa saja yang sering terjadi, serta penyebabpenyebabnya. Selain itu, penelitian ini juga bertujuan memaparkan kemungkinan terdapatnya keterkaitan tulisan dengan interferensi bunyi yang terjadi. Metode deskriptif dan analisis kontrastif dipilih dalam menganalisis penelitian ini. Hasil penelitian menunjukkan bahwa interferensi bunyi konsonan terjadi tidak hanya karena dipengaruhi bentuk tulisannya saja, namun juga terjadi karena pengaruh tulisan, pengaruh bunyi konsonan sekitar, bunyi konsonan tidak ada dalam bahasa Indonesia, tidak ada gugus konsonan rangkap pada akhir suku kata dalam bahasa Indonesia, salah meletakan bunyi konsonan, kata yang rumit, dan kekeliruan penyiar

ABSTRACT

This research discusses about the interference of the consonant sound pronunciation in news program on radio?s broadcast in German by the announcers at VOI RRI Jakarta. The purposes of this research are to explain the consonant sounds which pronounce unappropriate, the interference types that occur oftenly, and also its causes. Besides that, this research aims to explain the possibility of the writing influence toward the interference of the consonant sound pronunciation. Descriptive method and contrastive analysis are chosen to analyze this research. The results show that the interference of the consonant sound pronunciations are not only caused by the writing, but also caused by writing?s effect, effect of consonant sound araound, no consonant sound in Indonesian, no consonant clusters in Indonesian, mistake of placing consonant sound, complex word, and the mistake of announcer;This research discusses about the interference of the consonant sound pronunciation in news program on radio?s broadcast in German by the announcers at VOI RRI Jakarta.
