### [**ABSTRAK**]

Skripsi ini membahas mengenai dua hal utama, yakni : teori-teori terkait pertanggungjawaban broker reasuransi, dan anggung jawab broker reasuransi jika ia lalai dalam mencari perusahaan asuransi yang kredibel sehingga klaim dari perusahaan asuransi tidak dibayarkan. Penelitian ini merupakan penelitian yuridisnormatif dengan menggunakan analisis kualitatif atas data primer dan data sekunder. Hasil dari penelitian ini adalah : ( 1 ) Terdapat empat teori terkait pertanggungjawaban broker yaitu duty of broker, degree of negligence, limit of liability of broker, doctrine indemnity. ( 2 ) Jika broker lalai dalam mencari perusahaan reasuransi yang kredibel, broker reasuransi bertanggung jawab kepada perusahaan asuransi untuk mengganti kerugian perusahaan asuransi hanya sebatas kelalainya saja, tetapi tidak mengantikan posisi perusahaan reasuransi untuk membayar klaim perusahaan asuransi.
