Abstrak

[Penelitian ini mengkaji penerapan literasi informasi oleh mahasiswa pascasarjana program studi Ilmu Perpustakaan Universitas Indonesia. Mahasiswa ini seharusnya memiliki kemampuan literasi informasi yang baik. Dalam penelitian ini fokus kajian lebih ditekankan pada kemampuan mahasiswa dalam menelusur informasi menggunakan fasilitas internet. Penelitian ini menggunakan pendekatan kualitatif dengan metode deskriptif. Model Empowering 8 digunakan sebagai metode dan menguji penerapan literasi informasi. Model Empowering 8 terdiri dari identifikasi, eksplorasi, seleksi, organisasi, menciptakan, presentasi, penilaian dan penerapan. Hasil penelitian menunjukkan bahwa mahasiswa pascasarjana Program Studi Ilmu Perpustakaan Universitas Indonesia melakukan penerapan literasi informasi hanya beberapa tahap di Model Empowering 8. Namun tidak semua tahapan tersebut dilakukan, seperti tahapan yang termasuk pada bagian identifikasi, menciptakan, presentasi, dan penilaian.];The focus of this study is about information literacy application for postgraduate student of

Library and Information Science, University of Indonesia batch 2013. The informant must have a good information literacy skill. Information literacy we talks about in this research related with internet. This study emphasize in the postgraduate student information literacy skill using internet.
