[<b>ABSTRAK</b><br>

Tesis ini membahas mengenai perselisihan yang terjadi didalam tubuh kepengurusan Ikatan Notaris Indonesia khususnya pada Kongres tahun 2012. Permasalahan yang paling utama adalah adanya temuan dari tim pengawas bahwa ada salah satu kandidat calon ketua umum melakukan politik uang. Temuan ini jelas mengejutkan semua pihak terutama Notaris-notaris senior karena selama Ikatan Notaris berdiri (kurang lebih 108 tahun) baru kali ini ada kejadian politik uang. Berdasarkan keadaan ini sangatlah jelas bahwa nilai-nilai etika dan martabat di dalam tubuh Ikatan Notaris Indonesia atau bahkan Notaris itu sendiri sudah mulai luntur dan digantikan dengan kepentingan yang bersifat sementara. Tipe penelitian yang digunakan dalam thesis ini merupakan perpaduan antara penelitian yang bersifat eksplanatoris dan penelitian yang berbentuk preskriptif. Bertujuan untuk menggambarkan tentang konflik kepengurusan Ikatan Notaris Indonesia dalam perspektif anggaran dasar dan anggaran rumah tangga Ikatan Notaris Indonesia, serta untuk memberikan saran permasalahan tersebut.
