[ABSTRAK

Tesis ini membahas tentang pembiayaan penyelenggaraan imunisasi dasar bersumber pemerintah di era implementasi Badan Jaminan Sosial (BPJS) terutama dalam lima tahun ke depan (tahun 2014-2018) menggunakan besaran biaya yang dikeluarkan Pemerintah di Tahun 2012. Penelitian bersifat kuantitatif dan kualitatif. Hasil penelitian menunjukkan bahwa sumber pembiayaan penyelenggaraan pelayanan imunisasi dasar di Indonesia tahun 2012 bersumber dari pemerintah yaitu APBN (34%) dan APBD (66%). Komponen pembiayaan yang besar adalah biaya operasional program manajemen seperti supervisi dan pertemuan, sedang sumber pembiayaan penyelenggaraan pelayanan imunisasi dasar di Indonesia untuk 5 tahun mendatang tetap akan didominasi oleh APBD, dimana pada tahun-tahun tersebut BPJS mulai diterapkan.
